Flair Slimline 45mm & Slimline Easy Plumb shower trays

Flair Slimline 45mm Shower Tray (includes waste)

WHY SELECT A FLAIR SLIMLINE SHOWER TRAY?

A slimline or low profile shower tray helps create the latest minimalist look in the shower area.

The Flair Slimline shower tray works in the following way:

- The Flair Slimline shower tray is only 45mm high which creates "a wetroom look" which complements the current bathroom fashion trend.
- Each Flair Slimline tray comes complete with an easy clean waste which can be removed without removing the actual waste. The filter in the waste can be cleaned out to prevent blockages.
- Trays can be easily converted to upstands using the Flair Upstand Strip (sold separately for the Flair Slimline shower tray & available in 3 sizes).

Flair Easy Plumb Shower Tray (includes waste, extendable flexiwaste pipe, 6 adjustable legs, a Flair upstand strip)

WHY SELECT A FLAIR EASY PLUMB SHOWER TRAY?

Flair Slimline Easy Plumb shower tray have adjustable legs to comply with Building Regulations to assist in installation and for maintenance of waste outlets if required after building settlement. The Flair Slimline Easy Plumb tray provides this access without compromising on style in the bathroom.

Slimline Easy Plumb shower trays work in the following way:

- A Slimline Easy Plumb shower tray has adjustable legs that allow the tray to be adjusted in height, and a fascia panel is provided for the front and side of the shower tray to finish.
- A Slimline Easy Plumb allows pipe work to be accessed after installation.
- The front panels can be removed for easy access to the waste trap or for any maintenance work that may be required.
- Slimline Easy Plumb trays are lower than standard Easy Plumb shower trays.
